Tuesday

Plenary 4

1000– 1030

Alzheimer's Society

Dementia Awareness

This Theory session is aimed at Adult Care in a Community and Acute setting at Novice, Experienced Trainers and Strategic Advisors

Abstract:

To be aware of the difficulties that people living with dementia experience on a daily basis.
Understanding how to better support people with dementia.

Objectives:

- To recognise the signs and symptoms of dementia
- How dementia affects behaviour, the senses and communication
- How to build positive relationships with people affected by dementia.
