

SESSION SYNOPSIS

PANEL SESSION: Safer Care. Better Outcomes. A multidisciplinary and interactive case study

SUPPORTED BY STRYKER:

stryker

Jo Swan, Birmingham City University; Jo-Anne Webb, Rehab for Independence; Rachael Durrans, University of Huddersfield; Sharon Rindsland & James Smith, East Kent Hospitals University Foundation NHS Trust

Session Type: Plenary

A patient case study that highlights the challenges of teamwork in an overstretched healthcare system where efficiency is a top priority. This session will cover some of the top patient harms, pressures of reduced staffing and/or exhausted staff, early mobilisation, the right equipment at the right time, discharge planning and rehab.
